The McGibeny Family.

This renowned family of vocal and instrumental musicians will give a concert in the Congregational church on Monday evening, for the benefit of the Y. M. C. A. The family come to this city with the very best recommendations, and we have no doubt that our citizens will be favored with all that is promised in the announcement of their engagement. The Detroit Post and Tribune says: "A large audience, principally composed of ladies, greeted the McGibeny family at the Detroit opera house last night in the first of a series of concerts to be given by that talented company. The concert was raised on a family tablet that elicited a murmur of delight from the audience, and throughout the rendition of the well selected vocal and instrumental programme, the applause was well sustained. The quartet for horns by Viola, Hugh, Victor and Fred, was the feature of part first and was worthy the applause which it received, but the pleasure of the evening was the dramatic performance of the four touts, especially the tiny one in velvet, who appeared as if he had just tumbled out of the cradle to come before the glorious footlights. The violin playing was excellent; the solo by Mr. Hugh, De Bortoli's 'Fifth Air' particularly, was of no ordinary execution and one which the masters would have had no excuse to frolic upon. The performance on the whole was one of that classic and pleasing character which one delights in going to see."

The Weather.

At seven o'clock this morning the thermometer registered 69 degrees above zero. Partly cloudy, with southeast wind. At one o'clock p. m. the register was 80 degrees above zero. Partly cloudy, with south wind. For the corresponding hours one year ago the register was 80 and 80 degrees above zero.

INDEPENDENCE DAY.

The Orator and Reader Secured.

Satisfactory Progress Reported by All the Committees.

The Fourth of July committee hold an adjourned meeting in the common council chamber last evening, with a fair attendance, for so large a committee.

In the absence of Dr. Palmer, the permanent chairman, Mr. E. J. Kent was called upon to preside.

The business committee reported a few additional subscriptions, with prospects of securing more, and they were instructed to continue their work.

Mayor Alex Richardson, of the invitation committee, reported that Colonel R. S. Tutbill, of Chicago, had accepted the invitation to deliver the oration, and that Mrs. J. B. Ward would read the Declaration of Independence.

The details, as agreed upon by the various sub-committees, were talked over in an informal manner, the general conclusion being that the plans had been well prepared, and that it now only remained to minutely carry out the details to make this the greatest celebration ever held in the city. Every member of the committee appearing satisfied that such would be the result.

The committee adjourned to meet on Friday evening, June 27th at eight o'clock.

NOTES.

Bart Baldwin is hard at work preparing for the reception of the Feeble Islanders on the Fourth.

There is some talk of circulating a petition asking County Clerk Morgan to call an extra session of the county board of supervisors in order to "provide ways and means" for replacing the barge on the court house flag-staff, that the stately banner may be unfurled on the glorious Fourth from the dome of the temple of justice.

There will be a splendid illumination of our business streets on the Fourth—the new style Chicago lanterns forming a prominent part.

The torch light procession will be a sight worth seeing, and will be the largest one ever witnessed in this city. Everybody will turn out and take a torch. The line will be further illuminated and beautified by fire works.

The meeting in the afternoon of the Fourth will furnish amusement for all.

The G. A. R. veterans will be in a "blaze of glory" on the Fourth.

The Deist people have given up their celebration, and those who celebrate will either visit Janesville or look for it that purpose.

Chief Marshals Whiting and Atwood have appointed Messrs. E. M. Hyzer, C. L. Clark, George McKee, Dennis Hayes, and J. H. Barnes as side on the Fourth of July, day and evening.

Persons who have been over looked by the Fourth of July festival committee, are requested to leave their donations with either Mr. John Bauman or Mr. J. P. Baker.

PERSONAL.

Dr. J. H. Warren and wife reached home last night from Nebraska.

Mr. A. Powers, with Malory Brothers, of the Union Stock Yards, Chicago, is in the city visiting friends.

Hon. John Winans left last evening for the national capital, to resume his duties as congressman.

Miss Jessie Patten and Miss Gordie Warren have returned from Nebraska where they have been visiting several weeks.

Mr. E. B. Helms returned home from Fond du Lac this morning, where he has been attending a meeting of the state board of pharmacy.

Mr. H. N. Clark, of Chicago, is visiting old acquaintances here. He is representing the Domestic Sowing Machine company, for which he was agent while residing in Janesville.

Mr. John Schickler now smokes a handsome Meerschaum pipe, a present which his nephew, Mr. Henry Moses, brought him from London. John is as proud of his new pipe as a full plumed peacock.

Mr. and Mrs. Henry Quinn, of Whitewater, were in the city yesterday, visiting Mr. Quinn's parents, Mr. and Mrs. Ferdinand Quinn, of the second ward, and also taking in the picnic at Oak Lawn.

Mrs. Katie Moses, of London, England, a sister of Mrs. John Schickler, of the second ward, arrived here last evening, direct from London, and will probably make Janesville her future home. The meeting of Mrs. Schickler with her sister, after a separation of thirty-one years, occurred at the depot, and on each recognized the other the moment they met on the platform; and that joyous moment their faces, but a mild expression of their happy re-union. Mrs. Moses' son, Henry, who is a young German, accompanied his mother, and will also remain, for a time at least.

Rev. Geo. W. Dunbar and family and Miss Augusta Linger reached Janesville yesterday, having come directly from Fort Yates, Dakota. Mr. Dunbar was for several years rector of Christ church, in this city, but is now a chaplain in the army, stationed at Fort Yates. The Fort is sixty miles from the nearest railroad, and that much of the journey was made by relays of teams. The party suffered the misfortune of having all their baggage overturned into the stream in fording the Cannon Ball river, the trunks remaining in the muddy water about an hour. Miss Linger returns from an extended visit to Dakota, and Mr. Dunbar has a leave of absence which will allow him to remain here for some time. He and his family are the guests of Mr. and Mrs. John J. L. Pense. Mr. Dunbar finds his new field of labor pleasant and his work successful.

THE RACES.

Every Body Turn Out To-Morrow and See the Fastest Time on the Turf.

The weather proved favorable to-day, and the managers of the driving park announced the races for this afternoon. The contest will be between Maybird, Prince and Code, in the 2:25 class, and between Hotel Boy, Jennie Stewart, John Morris, Lady Crawford and Holloway's mare in the 2:35 class, and in the class of 4-year olds, between the animals owned by Messrs. Cockley, Woodruff, McKinney and Dickson. The lateness of the hour at which the races take place prevents us from giving the result this afternoon.

It is pleasant to-morrow all those who can consistently do so should visit the driving park and see what is considered by all horsemen, to be the fastest mare on the turf. Our association very liberally offered a purse of \$500, to induce the most noted horses in the country to enter, but the knowledge that Catchily and Robert McGrogor were coming, kept a number of others away. Five to enter was required, but only three entering, the association waived their privilege and notified the owners of horses that they would give the purse anyway. Catchily came, Robert McGrogor got as far as Freeport where it is said he picked up a nail in his foot, but nothing official has been heard from the managers of his or Phyllis, the other entry. Under the circumstances the association has offered Mr. George Hayes, the manager of Catchily, \$400 if he will beat her record of 2:19 to-morrow in three trials. He says he can do this easily, and if the weather, track and mare are in good shape he will show the public a mile that they will long remember.

The 2:40 class will also be trotted to-morrow, and will be the closest of the week. Sorrel Ned and Henry Clay, the leaders in the 3 minute race Tuesday will start, and will have to go faster than they did to beat Dandy, of Racine, Wm. S. or Nemo, Dayton Belle, of Oshkosh, Pullman and Silver Chief, of Chicago. The weather has been disastrous financially, to the association, but they will carry out their programme if possible to-morrow, and under the circumstances, our citizens should all turn out and give them a rousing benefit.

THE SCHOOL CENSUS.

Mr. A. O. Wilson, clerk of the board of education, has just completed taking the school census of the city for the year 1888, and from him we learn the following facts:

School children in this city between the age of 4 and 21 years:

Male. Female. Total.

First ward..... 110 120 230

Second ward..... 120 130 250

Third ward..... 130 140 270

Fourth ward..... 140 150 290

Fifth ward..... 150 160 310

Grand total..... 550 600 1,150

Last year the total number of school children was 3,671, twenty-nine more than recorded for 1881. The losses occurred in the first, third, fourth and fifth wards, the second ward showing a slight increase, but not enough to overcome the losses in the entire city. In an interview with Mr. Wilson, he informed us that while there was no doubt that there was a large increase in the number of families in the city, the number of children arriving at the school age did not equal those arriving at the maximum age, hence this account for the loss. He gives the second ward the credit for a regular boom. There are but few large families in the city, while there are many very small ones, and many who report no school children. One widow lady reported ten boys and three girls (not all of school age) the number of large families is steadily on the decrease.

City Treasurer Blount has received from the county the sum of \$1,541.82, the amount apportioned to the city by the state, being forty-two cents per scholar, on the basis of the school census of 1882, the number of school children being 3,671.

THE COUNTY APPORTIONMENT.

County Treasurer Miles, yesterday, received from the state, Rock county's apportionment of the state school money, which amounts to \$55,111.37. The apportionment is made upon school census and for the year ending June 30th, 1888, and is as follows:
